DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 07/23/2007 has been entered.

Response to Arguments

2. Applicant's arguments in light of the new amendment filed 07/23/2007, with respect to claims 1 and 3-8 have been fully considered and are persuasive. The prior art rejection of claims 1 and 3-8 has been withdrawn.

Allowable Subject Matter

3. Claims 1 and 3-8 are allowed.

The following is the statement of reasons for the indication of allowable subject matter: The prior art disclosed by the applicant and cited by the Examiner fail to teach or suggest, alone or in combination, ***all*** the limitations of the independent claim(s) (*claims 1, 4 and 7*), particularly a user programming system and method where a remote client programs the PBX through a web server when the web server authorizes the remote client to update a database in the PBX. The closest prior art found to Curry et al. (*cited in the previous Office Action*) discloses updating a database remotely, but not actually directly programming the PBX via a web server.
